

# Want More This Year? We Have the Answers!

## More Savings – Simply Refinance Your Auto Loan from Another Financial Institution

- You may lower your monthly payments
- Free up cash for other major purchases
- May save on interest over the remaining life of your loan

*I had my first active Military Service Loan to refinance an auto loan for a young member and saved him over \$4,000 in interest and lowered his monthly payment. I was able to offer a great rate of 4.99% APR when he was currently paying 17.9% APR. Plus, it was great to personally thank him for serving our country.*

## More Savings + Security = The Perfect Pair

- Unrivaled protection and smart savings with Secure Checking
- Help secure your finances, your family, and even your phone
- Big banking benefits, exclusive savings, and protection from the unexpected

*When a member recently had fraud on her account, I told her how our Secure Checking account has the protection feature where a dedicated customer service person was there to help resolve this type of stressful situation. When I showed her how to access these features and register, she was ecstatic and relieved. I love my job!*
