EQUIPMENT WARRANTY provided by PPS

We will support Point of Sale stand-alone terminals that your business uses to process credit card transactions. Our service includes an equipment warranty at no additional charge for any equipment that you purchase, rent, or lease from PPS FI. The warranty covers equipment shipping, troubleshooting, and replacement of your existing equipment from PPS FI. If your PPS FI terminal breaks, we will exchange it at no cost to you for as long as you continue to process with us (*upgrade fees are additional and the warranty does not include wireless terminals from newly boarded accounts*).

ONLINE REPORTING

Our complementary online reporting system provides fast, convenient transaction information. Some of the features include:

- Daily Transactions
- Transaction Search
- Monthly Statements
- Returns/Credits
- Chargeback Search
- Authorizations
